School Facilities and Planning
Catholic Schools Office
Diocese of Broken Bay

To Whom It May Concern

It gives me great pleasure to recommend Modular Movers Pty Ltd. Modular Movers have been responsible for the relocation, installation and modification of the Diocese of Broken Bay demountable buildings for the past ten (10) years. I have worked directly with Modular Movers Pty Ltd on numerous projects located on various sites around Sydney and the Central Coast of New South Wales.

Modular Movers offers superior quality, service and value. Across the board, I am always pleased with their work and attention to detail and safety awareness is exceptional. Approximately 15 – 20 relocations are required throughout each calendar year. Quite a number of these relocations require detailed and meticulous organisation and planning, involving negotiations with Principal's / Builders / RTA / Sub Contractors etc. To date all relocations / modifications have been completed on time and budget.

Modular Movers Staff are extremely professional and obliging, Danny Shaw (Owner / Manager) is an amiable person who undertakes to personally supervise each relocation to ensure that there are minimal disruptions to our school sites.

I have no hesitation in recommending Danny and Modular Movers P/L and can be contacted on the following phone numbers if you require any further information – Mobile: 0409 994 035 / Direct Line: (02) 9847 0844.

Yours Sincerely,

Peter Patterson
